## Your Week in SmartCash #2

Weekly highlights from the SmartCash Hive Teams and SmartCash community for the week of March 29th, 2018.

### SmartCash Community

SmartRewards were paid to all eligible addresses on March 25th. 12,758 addresses were sent a 3.55% reward for the month.

Check out the [article of the week](#), winners of the [SmartCash Meme Contest](#), and give your congrats to the week's [MVP for Team SmartCash](#).

Watch the short film "[Stranded](#)" that features SmartCash.

There are nine proposals currently open to community voting. Visit the [SmartHive Governance Portal](#) to vote on the projects. Everyone can vote with their SMART at no cost.

This week's featured graphic is "[InstantPay: A SmartCash Technology](#)" by Somnium.

### **Development Team**

SmartCash v1.2 was compiled with InstantPay and is being tested on the testnet pool network. You may star the [SmartCash github repository](#) to track public updates.

The [Electrum server for SmartCash](#) is working and the Electrum client is in an advanced stage with some minor issues being resolved.

The new explorer platform will support sending SMART from a paper wallet for use with gift cards.

There are now 10,728 enabled SmartNodes on the SmartCash network.

### **Outreach Team**

SmartCash was mentioned in an [article on Nasdaq.com](#) describing the impact of cryptocurrencies on businesses.

SmartCash was mentioned in this article on the [G20 and cryptocurrency oversight](#) at Euromoney.com.

Ethos announced their [partnership with SmartCash](#) for their upcoming Ethos Universal Wallet.

SmartCash will be listed at the [SatoWallet mobile wallet & exchange](#).

SmartCash is presenting at the [Blockchain & Bitcoin Conference in Kyiv](#) on March 29th.

There are now 9,887 Smarties on the [SmartCash Discord Server](#), 10,900 [followers of Scashofficial on Twitter](#), 2,350 subscribed to [/r/SmartCash on Reddit](#), 1,078 followers on [Steemit](#), 835 on [Instagram](#), 716 on the new [SmartCash Chat Telegram Channel](#), and a growing presence on [Gab.ai](#).

### **Support & Web Team**

Accounts from the old mining pools need to login to initiate withdrawals. Not every account has auto withdrawal enabled.

You can now choose to host your [SmartNode at NodeSupply.com](#).

New users of the Discord Channel will now be greeted by a friendly “Welcome Bot”.

[Graphic files and identity guidelines](#) are now available on the website and dropbox for media and promotional use.

*Subscribe the SmartCash Newsletter at [SmartCash.cc](#) to receive “Your Week in SmartCash” every week.*
