

# How to activate SmartCash rewards in Electrum wallet?

*This guide will briefly show you how to quickly activate rewards in Electrum wallet.*

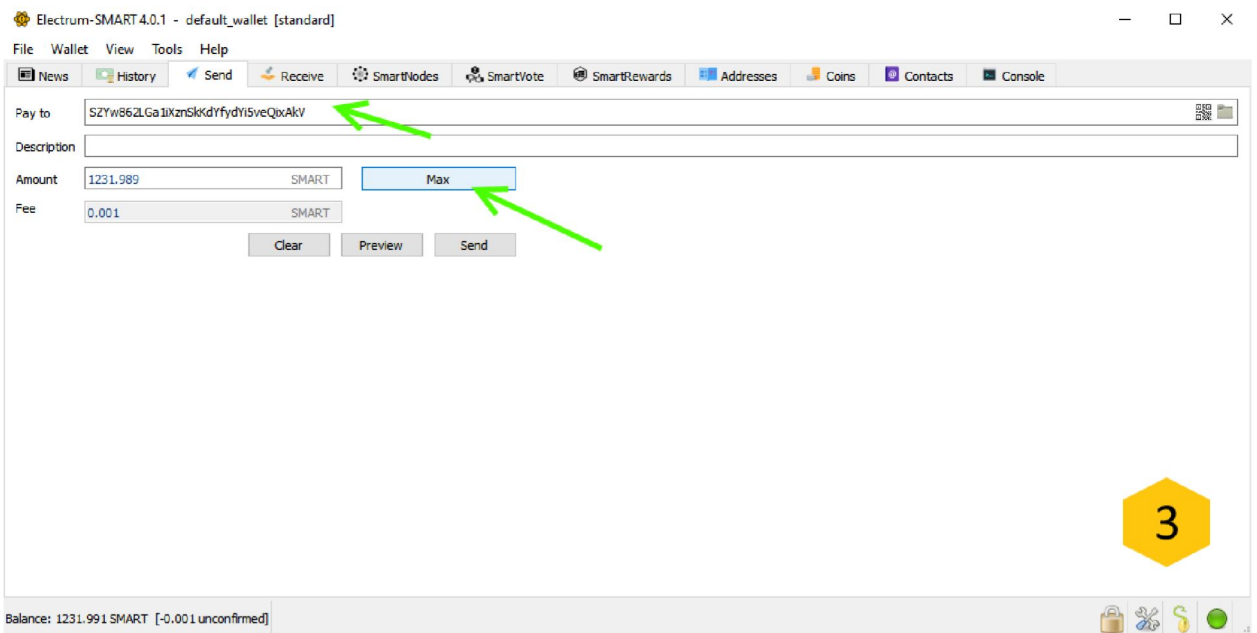

**Step 1:** Open your Electrum wallet. Select the «Addresses» tab.

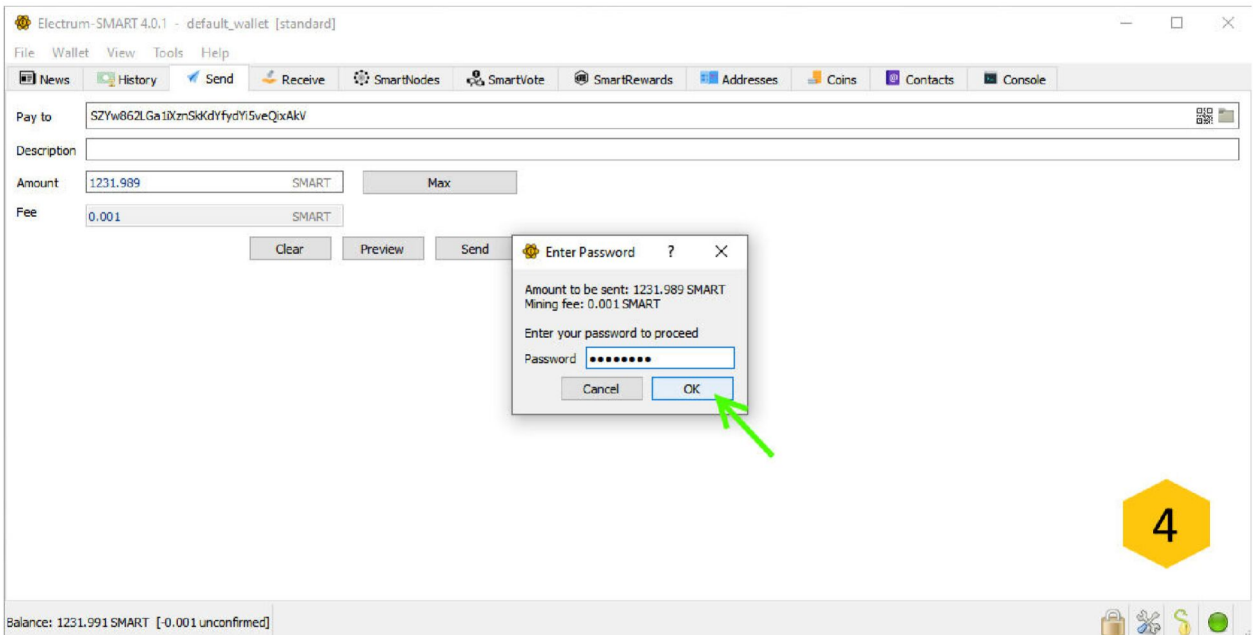

**Step 2:** Select the address where you have your funds (you can activate each address in turn, or consolidate all funds in one address (A) and then activate it by sending the max amount twice to the same address (A)). Right-click on it and click "Copy Address"

**Step 3:** Open the "Send" tab. Paste the address into the address field. In the «amount» field, click on the "MAX" button.

**Step 4:** Click on the «Send» button and confirm it with your password.

If you have consolidated funds from several addresses to one address (A), then send the entire balance of the address (A) to the same address (A) twice.
