

13 CLIMATE ACTION

Take Climate Action

Join Communit eer to tackle the climate crisis.

Communit eer is building a new virtual community of corporates, volunteers and not-for-profits on our platform to focus on Climate Action.

We'd like to invite you to be a Campaign Partner.

Our memories of the devastating and unprecedented bushfires and flooding in 2019/2020 need to be brought to the surface, as we rebuild almost **\$5 billion** worth of damage and remember the inspiring hard work of the volunteer firefighters.

Skilled volunteers play an equally critical role by bringing specialised experiences to NFPs which are critical to helping deliver their services more effectively.

As lockdowns have made us all slow down, we have an important opportunity to tap into the volunteering spirit again and **support climate action virtually**.

Through virtual events and our platform, this campaign will promote environmental advocacy to bring new minds into the fold and foster cross-sector collaboration to create the greatest social impact.

What are the benefits of partnering with this campaign?

- 1. Increased brand awareness** with your organisation name, logo and website link on campaign collateral and on our social media and EDMs throughout the campaign.
- 2. Increase your corporate supporters and volunteers** who have resonated with climate action via spotlights on Communit eer and as a special guest at virtual events.
- 3. Establish your presence first** in our online community to network with corporates, their volunteers and other climate action NFPs.
- 4. Inclusion in post-campaign case study** and recognition as a campaign partner.

What do we need from you?

- 1.** Permission to use your logo and branding on campaign collateral.
- 2.** A scoping discussion between your project owner(s) and a consultant to scope what volunteering opportunities you want to recruit for (project-based, role-based, event-based, or micro-volunteering).
- 3.** Sharing of our campaign via social media posts and email to engage your corporate partners and not-for-profit contacts to join
